Gladiola Elementary Building Tour
& Spotlight Presentation:

Prior to the Board meeting, members of the WPS Board of Education participated in a guided tour of Gladiola Elementary led by Principal Cheryl Corpus. The focus of the tour was to provide those in attendance with an overview of some of the programs currently implemented in the building.

Ms. Corpus along with teachers, Kim Swiger and Julie Dykstra, shared with the Board the implementation of Reader's Workshop and how it has helped to build a culture of reading in their building. Students are excited to choose their own books and book shop in their classroom libraries. Readers are growing in the classroom by reading alone, reading aloud and reading with buddies. Gladiola has been celebrating their readers with programs such as Bagels and Books, kindergarten unit celebrations, word detective celebrations and non-fiction celebrations. Teachers are collaborating across classrooms and grade levels which brings about vertical skill development for all students.

Gladiola recently had a Literacy Night inviting their student's families in for an evening of reading. Ninety five students and their families were in attendance that night. Each received a free book and parents received some strategies to encourage and help their readers at home.

Moving forward, Gladiola staff will continue to focus on building classroom libraries, collaboration, and continuous improvement.

HWECC Spotlight Presentation:

Huntington Woods Early Childhood Center Director, Dr. Lillian Cummings-Pulliams, along with teachers Amanda Costlow, Michelle Romijn and Katie Sleeper shared with the Board how technology is used in early childhood classrooms. Clevertouch boards, Powerpoint presentations, projectors and screens are used at Huntington Woods Early Childhood Center to assist in the development of fine motor skills, communications skills, the identification of learning targets and language development. Teachers also use technology to display and remind students of classroom behavior expectations. The HWECC staff are looking forward to visual phonics training and sharing those successes with the Board.

Special Alpha Wolf 11 Presentation:

Wyoming High School teacher, John Doyle, was on hand to thank Don Hebel, Director of Operations and Transportation, for always going above and beyond! Mr. Hebel was also thanked for all of his work in helping to make the recent Alpha Wolf 11 ceremonies successful.
