

January 5, 2026

Below is the Wyoming Public School Student Survey Disclosure and Posting Protocol, aligned with the requirements in **Michigan's Public Act 15 of 2025, Section 164k (MCL 388.1764k)**, which requires that student survey questions and results be made available to the public, posted on the district's or ISD's website, and that parents/legal guardians are notified of the survey. This is consistent with federal student privacy laws (e.g., FERPA) that also govern survey administration and disclosure.

=====

Wyoming Public Schools Student Survey Disclosure & Posting Protocol

PURPOSE

To ensure transparency and compliance with Michigan Public Act 15 of 2025, Section 164k (MCL 388.1764k) and applicable federal laws by:

- Disclosing to stakeholders the surveys administered to students.
- Posting survey questions and results publicly on the district website.
- Notifying parents/legal guardians about upcoming surveys.

DEFINITIONS

Student Survey

Any questionnaire administered to students during the school day that collects information about attitudes, beliefs, behaviors, experiences, or perceptions, whether paper- or electronic-based.

Survey Results

Compiled or aggregated data derived from students' responses. Results that could identify individual students shall not be posted; only aggregate results will be shared.

FEDERAL & STATE LEGAL FRAMEWORK

Federal Law (FERPA)

Parental rights to consent/opt-out may apply before students are required to participate in certain surveys that collect sensitive personal information.

Michigan Public Act 15 of 2025, Section 164k (MCL 388.1764k)

Requires districts/ISDs to make student survey questions and results available to the public and to post them on the district/ISD website.

Districts/ISDs must notify parents/legal guardians of student surveys.

SURVEY DISCLOSURE REQUIREMENTS

Pre-Survey Disclosure

Prior to administering any student survey:

- Notify parents/legal guardians before administration.
- Notification must include:
 - Title of the survey.
 - Purpose and topics covered.
 - Grades/ages of participating students.
 - Link to review survey questions in full.
 - Instructions for opting out.
 - Notification provided on district enrollment form.

Website Posting

Survey Questions Posting

All survey questions will be posted & accessible on the district's website.

- Posting must include:
 - Survey title & overview.
 - Link to survey questions.
 - Grade levels involved.
 - Date(s) of administration.

Results Posting

After completion and analysis:

- Link to summary results survey aggregate results on the district's website.
- Results will not include student-identifiable information (de-identify data consistent with FERPA privacy protections).
- Provide contextual explanations of results and how the district plans to use data to inform practice or improvement.
- Contact information for district personnel responsible for surveys.
