April 12, 2019

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2017-2018 educational progress for Gladiola Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school’s report contain information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Ms. Cheryl Corpus for assistance.

The AER is available for you to review electronically by visiting the Wyoming Public School district web site at www.wyoming.k12.mi.us and look for the Annual Education Report (AER) link on the left side of the page, or you may review a copy on the main office at your child’s school. This link will provide multiple options for information related to the school, including this letter, School Data (the State website MiSchool Data), and our School Improvement Plan (SIP).

For the State of Michigan in the 2017-2018 year, schools were identified using definitions and labels as required in the Every Student Succeeds Acts (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Supports (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are note identified with any of these labels. In these cases, no label is given. Gladiola Elementary has not been given one of the aforementioned labels.

The following challenges have been identified: **Math**: As measured by the 2018 M-Step assessment 39.2% of our 3rd graders and 41.2% of our 4th graders are at least proficient in the area of mathematics. With regard to our spring 2018 district math screener, the following year-end proficiency percentages were identified: 56% (kinder); 55% (1st grade); 45% (2nd grade); 62% (3rd grade); and 11% (4th grade). Overall, 48% are our K-4 students are proficient as measured by our district math screener.  

**Reading**: As measured by the 2018 M-Step assessment 29.1% of our 3rd graders and 33.3% of our 4th graders are at least proficient in the area of language arts. As measured by the Scholastic Reading Inventory, the following year-end proficiency percentages were identified in the spring of 2018: 59%
(2nd grade); 75% (3rd grade); and 69% (4th grade). We are continually challenged to ensure each student is at grade level by the end of the academic year. **Writing:** Although not measured separately on the M-Step, writing has been an area of difficulty for our students.

In order to continue to address the aforementioned challenges, the following initiatives are being undertaken at Gladiola Elementary to improve student achievement and close gaps in achievement; continued implementation of Thinking Maps, a component of SIOP, writing across all content areas (reading, math, science, and social studies); explicitly teaching problem solving strategies in the area of math; and implementing a literacy block including phonics instruction and curriculum teaching critical thinking and reading strategies. Additionally, staff will organize and implement engaging parent evenings to get more parents involved in their child’s education. Continuing into the next school year is response to intervention in literacy and math. Intervention will provide small groups to students who have been identified as at-risk and achieving below grade level.

State law requires that we also report additional information:

1. **PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL:** Wyoming students are assigned by geographic area to a school, but are openly accepted by in-district school of choice to attend a different school of their parent’s choice. Students from outside the district are accepted each Spring/Summer as part of the Kent County School of Choice Plan.

2. **THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN:** Our School Improvement Team meets twice a month (minimally) to reflect on academic goals and the culture of the building to best support the school’s philosophy and student learning. The Gladiola Elementary SI team bases its decisions on the mission and vision of the school, guided by the principles in which they firmly believe. Through discussion, decisions are conceptualized and brought before the entire staff for consensus building. Our School Improvement Team consists of seven teachers representing the core content areas and non-core areas, one parent, and the principal. The team uses data and research to develop goals and action plans for addressing the goals. Below is a brief description of our goals and how they are being addressed.

3. **A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL:** At Gladiola Elementary, we embrace the philosophy of brain-based learning in the classroom environment. Gladiola Elementary promotes a noncompetitive, cooperative, caring atmosphere, where children grow at their natural development rate utilizing learning styles and areas of an integrated curriculum. Specific practices that are implemented daily include meaningful content, choices, adequate time enriched learning environment, collaboration, immediate feedback, mastery learning, life skills, and common building-wide procedures.

4. **IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION, AND AN EXPLANATION OF THE VARIANCES FROM THE STATE’S MODEL:** Wyoming Public Schools utilizes the State of Michigan Grade Level Content Expectations and other state documents, which are aligned through the work with the Kent County and Wyoming Curriculums to assure alignment of
standards and objectives for instruction and assessment. Brief standard brochures are available for review through requesting it at the building or central office.

5. **THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS:**

Gladiola Elementary measures student achievement locally using the Scholastic Reading Inventory (SRI), Fountes & Pinell (F &P). Dynamic Indicators of Basic Early Literacy Skills (DIBELS), and district standard assessments. The data indicates an increase of achievement from the beginning to the end of the academic year. To view a copy of the 2017-2018 Performance Summary, as well as the previous two years, please visit: [https://www.mischooldata.org](https://www.mischooldata.org).

6. **IDENTIFY THE NUMBER AND THE PERFECT OF STUDENTS REPRESENTED BY PARENTS AT PARENT_TEACHER CONFERENCES:**

Gladiola Elementary prides itself on high attendance rates at both fall and spring parent-teacher conferences. Over the past two years, we have averaged 95% or higher attendance at parent/teacher conferences. Attending parent-teacher conferences is one of many ways parents continually support and enhance the learning of Gladiola students.

Gladiola Elementary students continue to demonstrate strong academic achievement, which is guided by our dedicated teachers, support staff, and parents. We recognize the need to improve our achievement in all content areas so that our students will possess the skills to be leaders in the 21st century. We will continue to provide ongoing and in depth professional development to our teaching staff to ensure they have the best tools to teach our students with. Thank you for all you do to continue to support the achievement of our students!

Sincerely,

Ms. Cheryl Corpus
Principal
Gladiola Elementary
